

This year SSCPS has been named **America's Greenest School** by I.C. Bus. In conjunction with the Harvest Run Road Race, we are looking to continue our endeavors and spread the word about the importance of being ecologically conscience. Along with a recycling center for our post race festivities, we will have companies that are environmentally friendly. Come see the school's *Veggie Van* that runs on vegetable oil. This has been a student run project since its inception, from the fundraising efforts of a Third grader, to the conversion of the engine, to soliciting local restaurants to acquire their used vegetable oil as fuel. A photograph of our new hybrid bus, from I.C. Bus, will be on display and the Third and Fourth graders from the Waste Watchers program will be on hand to explain their efforts to enhance our green initiatives.

PARKING

There is free parking in lots and on the road and grounds of the Wompatuck State Park. Car pools are welcome!

COURSE DESCRIPTION

The course is a 3.1 mile paved path through the woods of Wompatuck State Park in Hingham, MA. As the leaves of autumn change colors, the course changes and winds its way through the brightly colored forest and rolling hills of the park. The course is protected from the wind and offers shade on extremely sunny days. There is one water stop along the route and more in the finish area. This race will be timed by Yankee Timing.
