

Opening Day and New Beginnings

One of the best things about being a teacher is opening day. There is something special and unique about the first day of school. Students are full of energy and anticipation, and there is gladness and relief in seeing old friends as well as excitement about making new ones. If the opening day of school sets the tone for the year, then we have many more wonderful days in our future. Thank you for all of your efforts in making sure our first day of school ran so smoothly.

As a faculty, we are always amazed at how children grow and change over the summer. As a school community, we have also experienced growth. We have added a math teacher to Level III and have added a teaching intern to Level I. Thank you to all parents and students who have contributed so much time over the summer serving on hiring committees and conducting interviews. These joint efforts enable us to recruit talented and committed teachers.

In addition to increasing our faculty, we have added a breakfast program. Kristine Shipp has worked exhaustively in bringing this much needed program to our school. Breakfast will now be available to participating students every morning before first period begins. If you are interested in having your child participate, order forms for both breakfast and lunch programs are due by Tuesday, September 7th.

We look forward to seeing you at tonight’s Parent Association Meeting, the Annual Parent’s Association Picnic on Tuesday, September 7th and our Harvest Run on Saturday, October 16th. Your support and input are what makes our school outstanding.

 Alicia E. Savage, Executive Director
